Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-27 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

For example: Claims 1 and 14 specify achieving a result without specifying how the result was obtained. Meaning, merely stating that a predefined sequence was used was not inform the reader as to how the envelope was minimized. If claim 2 was incorporated into claim 1, (and 15 into 14) this rejection would be overcome.
